It is very important to use correct bolts in attaching the back side of TV to upright rails (vertical bar). We strongly recommend taking measures to prevent the TV from toppling over. Unsecured TV may topple and result in property damage, serious bodily injury or even death.

Be sure to use the bolts supplied with the TV when attaching upright rails to the TV set. If bolts are not provided, please follow the following steps:

1. Please read Operating Instruction or Owner's Manual of your TV to determine the type and size of bolts. If you cannot find it, Please call your TV manufacturer for this information.
2. Altra Furniture has enclosed assortment of bolts, washers, and spacers in plastic bags that should work with most of TV sets. If you are unable to find correct bolts, please consult your local hardware store.
3. Be sure to use correct bolts (specified by the manufacturer) to attach your TV set to upright rails (vertical bars) as shown in the diagram.

Note: Nylon spacers should be used if your TV set has recessed holes or an obstruction on the back that prevents it from sitting flush against the rails.

16

-2

Es muy importante usar los tornillos correctos para atar la parte posterior de la TV a los rieles verticales (barra vertical). Es muy recomendable tomar medidas para evitar la caída inesperada de la TV. La Televisión sin garantía puede caerse y resultar daños materiales, lesiones graves o incluso la muerte.

Asegúrese de utilizar los tornillos suministrados con la TV al atar los rieles verticales a la TV. Si los tornillos no es incluidos, siga los siguientes pasos:

1. Por favor, lea el Manual de Instrucciones o el Manual de Compra de su TV para determinar el tipo y tamaño de tornillos necesarios. Si usted no puede encontrarlo, por favor llame al fabricante del TV para esta información.
2. Altra Furniture ha incluido en las bolsas plásticas gran variedad de tornillos, arandelas y espaciadores para montar la mayoría de las TVs. Si usted no puede encontrar los tornillos correctos, por favor consulte la ferretería local.
3. Asegúrese de usar tornillos correctos (especificado por el fabricante) para conectar la televisión a los rieles verticales (barras verticales) como se muestra en el diagrama.

Note: Les cales d'espacement en nylon doivent être utilisées si votre téléviseur a des trous encastrés ou une obstruction au dos qui l'empêche de reposer à plat contre les rails.

16

-3

Il est essentiel d'utiliser les boulons appropriés pour fixer le côté arrière du téléviseur aux rails verticaux (barres verticales). Nous vous recommandons fortement de prendre les mesures pour empêcher le téléviseur de basculer. Un téléviseur non sécurisé peut tomber et entraîner des dommages matériels, des blessures graves ou même la mort.

Assurez-vous d'utiliser les boulons fournis avec le téléviseur pour fixer les rails verticaux au téléviseur. Si les boulons ne sont pas fournis, veuillez suivre les étapes suivantes:

1. Veuillez lire les instructions d'utilisation ou le Manuel du propriétaire de votre téléviseur afin de déterminer le type et la taille des boulons. Si vous ne pouvez pas le trouver, veuillez appeler le fabricant de votre téléviseur pour cette information.
2. Altra Furniture a inclus un assortiment de boulons, rondelles, et espaceurs dans un sac en plastique qui devraient fonctionner avec la plupart des téléviseurs. Si vous ne parvenez pas à trouver les boulons appropriés, veuillez consultez votre quincaillerie locale.
3. Assurez-vous d'utiliser les boulons appropriés (spécifiés par le fabricant) pour fixer votre téléviseur aux rails verticaux (barre verticale) comme indiqué sur le schéma.

Note: Les espaceurs en nylon doivent être utilisés si votre téléviseur a des trous encastrés ou une obstruction sur le côté arrière qui l'empêche de reposer à plat contre les rails.

17

Attach the Vertical Bar(V) to TV back side, mount TV to that Stand as right picture shown(downward arrow).
Ate la Barra Vertical (V) a la parte trasera de la television, monte el soporte para television como se muestra en la ilustración derecha (Con la flecha hacia abajo).
